The maximum possible score was 1000.

CP 9 was discarded for all cars by the protest committee. Q 45 & BB 33 were granted by the rallyemaster to protesting cars, (due to using President's First name). Protests on CP 6, CP 10, B 34, TT 27, LL 33, K 29, & P 23 were not granted by the Protest Committee.

Thanks to:, Bill Jonesi, Karen Cate, Kimberley Massingale for working the checkpoint.

My Precheckers were: Gary Watson, Neal Kinney, Carolyn Kinney, Karen Cate, Greg Wong & Bill Jonesi

And thank you all for running, and we hope you enjoyed it.

Ric Goldman RallyeMaster

The most missed gimmicks were: LL 33 (for doing 24 part C), only two cars recorded it. Three cars knew not to enter the second CP on Meadow (but stopped to say hello anyway.:-) Four cars got TT 27 the harder part of the Aristotle at E Meadow, E 35 can't DRI when there are no more RI left. A couple of observations from The Generic Rallye twenty years ago that this rallye was based on: The RI 1/RI 2 at the same intersection (Aristotle) was missed, President Wilson was missed, but the event chairman thought Hamilton was a President.
