I want to thank everyone who ran my rallye. BUGS is sorry it was so difficult. There was a bad error dealing with RI 1. At some point I started treating it as a GI. The net result was I had the wrong answer listed for, "What RI are you working on when you enter the CP?". None of the pre checkers or myself picked up on it. I re-scored everyone and there were no changes due to that. I double checked my scoring, which I always do since its very hectic at the finish. I found 5 errors 3 of which had no effect on the outcome. The other 2 effected 1 team and moved them up a spot. The team of Robin Ziegler & Ed Ruben moved from 3rd to 2nd in the Expert class. I apologize for the error. I want to thank Steve Watt & his friend Anita, Mel Nicholson, Jean Talburt & Keith Anderson for pre-checking. I want give a special thanks to Dean Stanton for stepping in at the last minute to do the rallye school and also to his car mates for stepping in and doing registration. I also want to thank Keith Anderson for driving all the way out from Ripon to assist in putting up the EGGs & CMs. Thanks also go out to Nick Stefanisko for providing the scoring program and also obtaining the awards and par plaques. None of this happens without my wife Jean, who mans the CP, pre-checks and is willing to get up on Easter morning at 6:30 to go take down the CMs with me. Thanks again to all that came out, and please let us know what you think about the new finish location. Your RM BUGS
