This rallye was put on in memory of Bob Schott, long-time TRC member, officer, and rallyemaster, and the original author of this route. Many thanks to pre-checkers and checkpoint workers Larry Friedrich, Steve Beuerman, Ken Schott, and Abby Grossman, to Ken again for posting and removing markers, and to registration workers Eric Anderson, Dean Stanton, and John Kleder, and to all who participated in this event!

No protests were granted. Just one protest was submitted for points.

Hardest gimmicks: No cars recorded CM XX in the second spot in TB1, only one car got full credit and two got partial credit for doing both the supps and Avoid where a bandit and CM were on the same pole, and only three cars got the straight-as-possible off Hyannisport.
